Hi Steve & Louise,

Hope all is well with you. I got your recent email, Steve, but have been unable to reply as *once again* I have decided to remove myself completely from the internet, due to issues which I'm sure you're aware of, which seem to stretch back into the mists of time.

I do not want to put you in a difficult position – I know there is a lot of tension in the air, some it caused by very dark sinister goings-on, which reflect the seriousness of this situation.

I am in a permanent mode of investigation and exploration, and I really need you (without asking to put yourself either in difficulty or to reveal to me any part in the past which you have been involved with personally) to help me find some people from my past. I need postal addresses only – I am not asking for any other more immediate information such as phone numbers or email addresses. I do not want anyone to feel intimidated or nervous in any way.

Louise will undoubtedly know, and be aware of some of the history of the situation I which I have found myself for 30 years or so.

This is **really** important. I need to know the current postal addresses of Joanne Gaydon and Kathryn Clark (Sadler). It is vital that I can contact them and ask them (in a completely non-hostile manner) to tell me the full history of how I have ended up in this situation, going right back to the very start in HP in the very early 1990s.

This may be very difficult but I absolutely need to understand **everything** of what has happened and why. Your first reaction may simply be to say "We don't know", but I'm asking you to do some investigation of your own with all of your own contacts (it may be that Louise will be better placed to do this) to find the information I'm asking for. I would appreciate it if you would make the effort.

I hope that you and Louise between you can help me, and if you feel able and willing to tell me anything else that you know, I would be very grateful. This situation that exists is obviously very difficult and very complicated in many ways, and I fully understand if both of you find it difficult to involve yourselves any more than you may have been in the past, but my life has been obliterated through no fault or doing of my own. I need to know the full history and the full causes. Will you help, even if it's just to provide me with those two postal addresses?

Thanks & warmest wishes to you both

Steve Krupa
